**Contemporary
& Modern:
CONTEMPO**

Classical wrought iron motifs have evolved into of-the-moment inspirations, blending contemporary influences with modern geometric patterns to form the **Gonzato Design Collection**.

This **Feature Insert** highlights **NEW PRODUCTS**, along with those that have proven to have lasting appeal. From eye catching stair balusters to mesmerizing geometric railing and wall patterns, open your vision to the numerous possibilities. As you browse throughout this unique selection of handcrafted items, keep in mind that our Design Team can assist you with 3D imagery services, allowing you to visualize your project prior to ordering. Likewise, our Customer Service team is readily available to confirm cost and shipping, along with recommendations of compatible hand railing, newel posts, and accents.

From palaces to museums, universities to custom homes, Indital has a rich history of enhancing the world's architecture. With our innovative Gonzato Design line, featuring the **Contempo Selection**, the strength and boldness of handcrafted wrought iron delivers endless potential for your residential and commercial designs. **Creativity, Precision, and Innovation awaits.**
