

ARTEFERRO *Compendium*

La parola viene dal Latino "compenso" che significa

(tra l'altro) "pesare assieme" "BILANCIARE"

Non vuole quindi essere un semplice RIASSUNTO (che pure è un altro dei significati che può avere la parola COMPENDIUM) ma qualcosa di più. Il nostro "COMPENDIUM ARTEFERRO" 2010 vuol essere una GUIDA RAGIONATA a tutto ciò che Ind.i.a. spa offre al mondo della RECINZIONE e del METALLO ORNAMENTALE, con tutti gli articoli raggruppati per famiglie ma con valenza grafica di articoli ed esempi applicati proporzionata all' "importanza commerciale media" di quel prodotto o linea di prodotti.

Ripetiamo: "importanza commerciale MEDIA" e ricordiamo che Ind.i.a. spa esporta in oltre 130 paesi.

Sarà uno strumento di grande utilità per tutti gli OPERATORI di settore.

ARTEFERRO *Compendium*

is a Latin origin word meaning "to weight together, or balance". It also means "compilation of a body of Knowledge". Not a simple "summary" than, but rather a guided lead to all that Ind.i.a. spa. can offer in the field of FENCING with WROUGHT IRON, STAINLESS STEEL, ORNAMENTAL METALS.

Of course all our products are grouped by families but with special graphics and dimensions proportional to their "AVERAGE Commercial weight". We have no doubts it's going to be a very useful tool for all professionals in the Wrought Iron & Stainless Steel sector.

CHI SIAMO - WHO WE ARE

Una realtà in continua crescita

- Sede a Malo-Vicenza (Italia)
- 5 Stabilimenti produttivi
- 64.000 m² coperti
- Oltre 1100 tra dipendenti e collaboratori (2008)
- Filiali con deposito in Francia, Svezia, Croazia, Brasile, USA (Houston -Texas, Miami - Florida), Russia, Polonia, Spagna, Ucraina, Romania, Argentina, Cile, e Messico
- 4.100 t./mese spedite
- 40 milioni di semilavorati venduti mediamente in un anno
- Oltre 2000 clienti grossisti in 136 stati nel mondo; presumibilmente 150 mila fabbricanti usano il nostro prodotto
- 133 Libri cataloghi 5100 pagine totali
- Oltre 32.000 pezzi diversi a stock e in computer molti dei quali brevettati
- Diversi C.A.D. disponibili, di cui uno disponibile sul Web

Leader di mercato

- Una leadership nei 5 continenti
- Una presenza in 136 Stati
- Una gamma di oltre 30 mila articoli

World market leader

- A 5 continents' leadership
- Exports to 136 countries
- A product range of over 30.000 items

Certificazione

Un sistema di qualità certificato ISO 9001 dal Dicembre 1999
Dal Gennaio 2003, certificazione ISO 9001:2000 (Vision) e da Febbraio 2006, Certificazione Ambientale ISO 14001

Certification

Quality certified since Dec. 1999
Quality certified 9000:2000 (Vision) since January 2003, and Environmental Certification ISO 14001 since February 2006

An ever growing presence

- Headquarters in Malo - Vicenza - Italy
 - 5 production sites totalling
 - 64.000 Sq. Mt. of warehousing and production.
 - Over 1100 employees (2008)
 - Subsidiarie with stocking facilities in France, Sweden, Croatia, Brazil, U.S.A. (Houston-Texas, Miami- Florida) Spain, Russia, Poland, Ukraine, Romania, Argentina, Chile and México
 - 4.100 Ton/month shipped
 - 40 million pieces of ready made wrought iron components sold per year
 - Over 2000 stockist customers served, in 136 different countries presumably 150.000 professional fabricators using our forgings during a year
 - 13 catalogs-books for a total of 5100 pages
 - Over 32.000 components available in catalogs
 - computer and inventory
- Among our many CADs, one is available on the Web

Cataloghi
Catalogues

IND.I.A È ESPERIENZA !!

IND.I.A. MEANS EXPERIENCE

✓ **Ind.i.a (industria italiana arteferro)** è da ormai 40 anni leader mondiale nella produzione e commercializzazione di semilavorati ornamentali per l'edilizia e l'architettura. Sempre pronti all'uso ed alla consegna, nei nostri cataloghi troverete oltre 30.000 manufatti per recinzioni ed arredamento. I nostri fucinati artistici sono tutti frutto di ore di studi attenti ed appassionati da parte di professionisti specializzati che conoscono il settore meglio di chiunque altro in quanto l'abbiamo inventato noi.

✓ L'esperienza maturata in 40 anni di Ferro Battuto, ci ha consentito negli ultimi 10 anni di sviluppare un'altrettanto approfondita conoscenza dell'Acciaio Inox e dei suoi utilizzi nella recinzione. La nostra Linea ARTEFERRO INOX, infatti, pur essendo più tecnica e stilizzata rispetto ai manufatti in Ferro Battuto, assolve a quelle stesse esigenze di protezione, sostegno e decorazione che ben conosciamo da sempre.

✓ Grazie alla nostra esperienza pluridecennale, siamo gli unici al mondo capaci di realizzare Grandi Opere, forti del know how e della praticità dei nostri progettisti e operatori.

✓ Since 1971, Ind.i.a (industria italiana arteferro) is world leader in the production and sale of ornamental components for the building industry and Architecture. In our catalogues you will find more than 30.000 fencing and furniture components always ready to use and ready to be dispatched. All our artistic forged items are the result of years and years of careful and passionate research by qualified experts that know the field better than anyone else. As a matter of fact, we invented it.

✓ The experience acquired in 40 years of work in the field of Wrought Iron allowed us to develop in the last 10 years the same deep knowledge in the field of stainless steel and of its fencing application. As a matter of fact, our ARTEFERRO INOX line, while being more technical and stylized compared to the Wrought Iron components, meets the same needs of safety, support and decoration that we have always well known.

✓ Thanks to our long experience, we are the sole company in the world who is able to realize and install big structures, relying upon our know how and the practical sense of our designers and members of our team.

IND.I.A. È QUALITÀ !!

IND.I.A. MEANS QUALITY

✓ design funzionale: studiamo il design dei nostri prodotti in modo che possa essere sempre al passo con i tempi e che faciliti l'installazione

✓ functional design: we conceive the design of our products so that it is always abreast of the times and it makes the installation easier

✓ resistenza testata: vogliamo essere sicuri che i nostri sistemi siano all'altezza dell'utilizzo che andranno a svolgere. Per questo effettuiamo tests di resistenza a intemperie e sollecitazioni fisiche

✓ tested endurance: we want to be sure that our systems are up to their function. That is why we carry out endurance tests to weather conditions and physical stress

✓ perché è certificata: sono ormai 10 anni che abbiamo ottenuto la Certificazione di **Qualità ISO 9001** che anno dopo anno ci permette di monitorare i processi aziendali e innalzare ulteriormente la già altissima qualità dei prodotti e dei servizi offerti.

✓ perché siamo amici dell'Ambiente che ci circonda. Dal 2006 siamo certificati secondo la norma **ISO 14001** che ci insegna a produrre in un ambiente più salubre.

✓ certification: we obtained the ISO 9001 Quality Certification about 10 years ago. Such certification enables us to monitor the company processes and to further increase the already high quality of our products and the services that we offer.

✓ environment friendly: we are friends of the environment that surrounds us. Since 2006 we are certified according to the ISO 14001 standards that teach us to produce in a healthier environment.

✓ flessibilità: crediamo che i prodotti debbano essere facili da assemblare e facili da integrare con gli altri elementi architettonici. Inoltre devono potersi adattare all'ambiente in cui verranno installati con la massima flessibilità

✓ flexibility: we believe that our products must be easy to assemble and to integrate with the other architectural elements. Furthermore, they must be able to fit with extreme flexibility in the environment in which they will be installed.

✓ controllo: i nostri prodotti sono testati qualitativamente prima, durante e dopo la produzione da personale esperto e specializzato. In fase di imballaggio vengono ulteriormente verificate le dimensioni la finitura e la fattezza di ogni prodotto

✓ control: our products are qualitatively tested before, during and after production by qualified experts. During the packing phase we check once again the sizes, the finishing and the shape of every products.

ISO 9001

IND.I.A. È SERVIZIO !!

IND.I.A. MEANS SERVICE

- ✓ rispondiamo in tempo reale sulle scorte di magazzino ed ordini pervenuti
- ✓ we deliver in real time on the stock and on the orders placed by our customers

- ✓ da molti anni ormai realizziamo volantini e cataloghi personalizzati per i nostri clienti più affezionati
- ✓ we realize custom made leaflets and catalogues for our well-established customers

- ✓ disponiamo di un ufficio tecnico in grado di sviluppare appositamente per le vostre esigenze articoli su misura anche per quantitativi modesti
- ✓ our technical department can develop and assemble custom made products that will meet the needs of the customers even for small quantities

- ✓ possiamo anche sviluppare e montare progetti completi. Con il GRANDE FABBRO® - Servizio Chiavi in Mano!
- ✓ we can also develop full projects thanks to the GRANDE FABBRO® - turnkey service

- ✓ il nostro staff di back-office parla fluentemente cinque lingue diverse ed è specializzato nella gestione di pratiche export
- ✓ our back office staff speaks 5 different languages fluently and is qualified to handle export matters

- ✓ disponiamo del più grande stock mondiale
- ✓ we rely upon the biggest stock in the world

- ✓ accesso on line allo stock ed agli ordini on line
- ✓ we can grant on line access to the stock and the orders

- ✓ siamo presenti in tutto il mondo e disponiamo di filiali pronte a fornirvi i nostri articoli nel minore dei tempi e a supportarvi tecnicamente in qualsiasi momento.

- ✓ we rely upon branches that ensure our presence all over the world and that are ready to supply our products very quickly and to give technical support to our customers at any time

- ✓ consegnamo i nostri articoli a catalogo in 48 ore dall'ordine in tutto il mondo
siamo convenzionati con i più importanti Vettori Espressi per consegne celeri in tutto il mondo

- ✓ we dispatch the products in our catalogues all over the world within 48 hours from the receipt of the order
our agreements with the most important express carriers grant us quick deliveries all over the world

- ✓ essendo produttori forniamo i nostri articoli, anche quelli speciali in tempi brevissimi

- ✓ since we are "direc producers" we can deliver our products (even SPECIALS) very very quickly

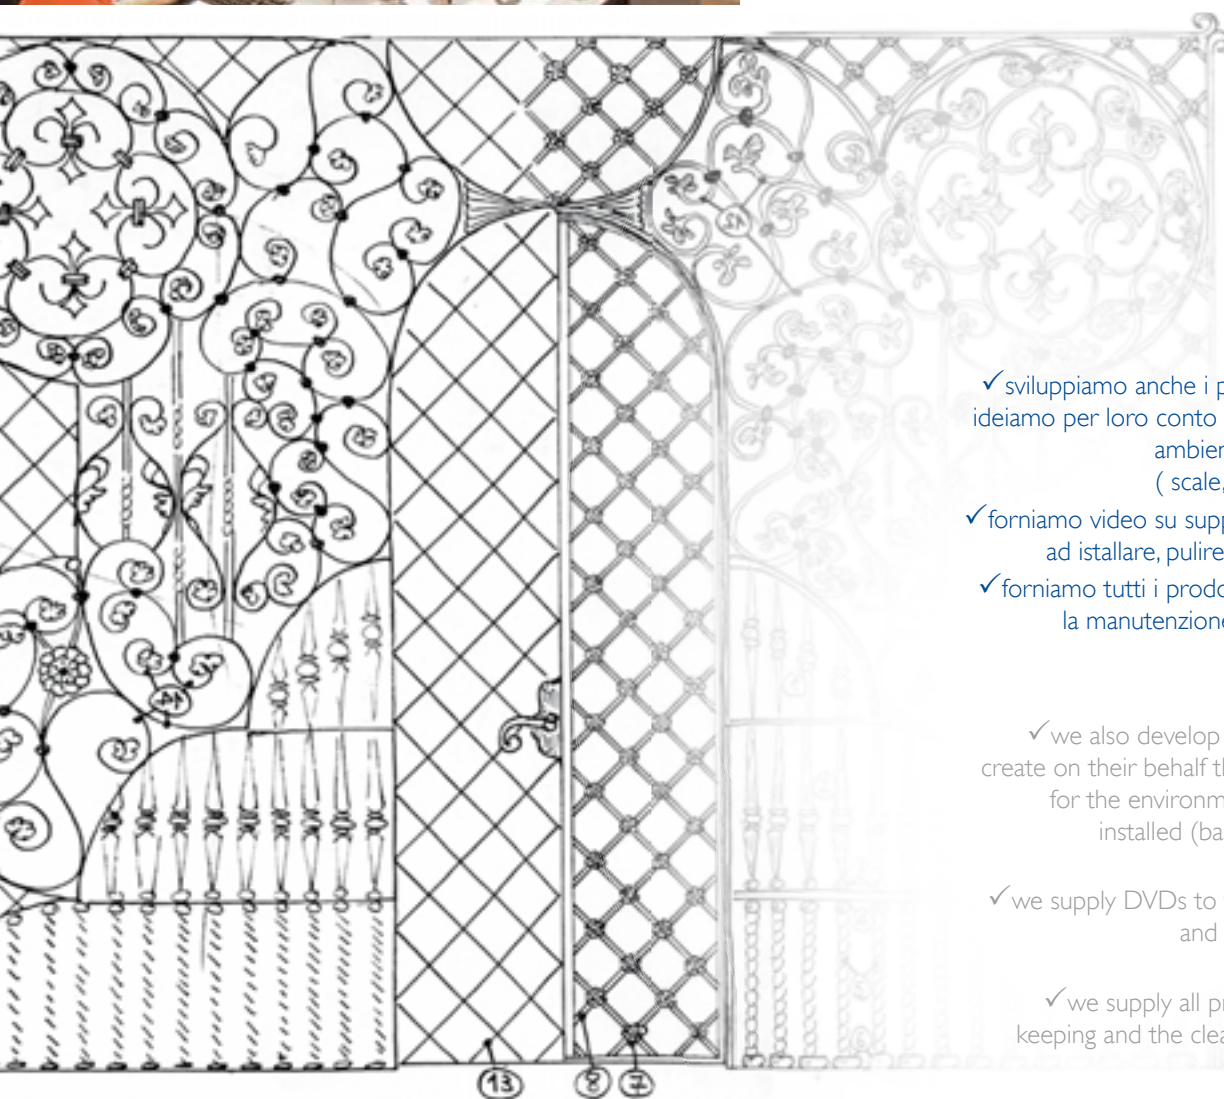

IND.I.A. È ASSISTENZA !!

IND.I.A. MEANS ASSISTANCE

✓ tecnici specializzati sono a vostra disposizione per darvi informazioni e delucidazioni sull' uso e le applicazioni dei nostri prodotti

✓ qualified experts are at the disposal of the customers to provide them with articles of information and explanations of the use and the application of our products

✓ sviluppiamo anche i progetti dei nostri clienti e ideiamo per loro conto le soluzioni più adatte agli ambienti in cui verranno installate (scale, parapetti , recinzioni ...)

✓ forniamo video su supporto DVD per insegnare ad installare, pulire e curare i nostri prodotti

✓ forniamo tutti i prodotti e vernici necessari per la manutenzione e pulizia del nostro inox

✓ we also develop our customers' plans and create on their behalf the most suitable solutions for the environments in which they will be installed (banisters, parapets, fences)

✓ we supply DVDs to teach how to install, clean and take care of our products

✓ we supply all products and paints for the keeping and the cleaning of our stainless steel

IND.I.A. PRODUCE DAVVERO !!

IND.I.A. MEANS REAL PRODUCTION

✓ ...te lo dicono i nostri articoli. Su ogni prodotto è stampigliato il nostro logo, il codice articolo e il materiale con cui è stato realizzato, a garanzia dei processi qualitativi sottostanti.

✓ I nostri articoli, a differenza della gran parte di prodotti che si trovano sul mercato, sono realizzati nei nostri Centri Produttivi in Italia ed Europa, sottostando a canoni di produzione e a test qualitativi standard che ci consentono di conoscere la vita di ogni pezzo dalla sua nascita alla sua consegna.

A differenza di molti altri noi siamo davvero produttori (con 5 stabilimenti produttivi in Italia ed Europa). Siamo l'unica azienda del settore che può vantare una capacità produttiva in grado di soddisfare ogni tua richiesta speciale entro tempi di stretta produzione (circa 10 giorni lavorativi).

✓ Per questo garantiamo i nostri prodotti da sempre (qualità e servizio); siamo noi a farli! E ci teniamo così tanto che ci mettiamo addirittura la firma

✓ our products say so. Each item shows our logo, the code and the material used for its production, in order to guarantee the underlying quality processes

✓ unlike most of the products on the market, our items are realized in our production branches in Italy and Europe, thus being submitted to production rules and standard quality tests that allow us to know the story of each piece from its birth to its delivery

✓ Unlike many of our competitors, we are real producers thanks to our 5 production branches in Italy and Europe. We are the sole company in the field that can boast a production capacity that manages satisfy every request of the customers within short production terms (about 10 working days)

✓ We have always guaranteed our products (quality and service) because we produce them! We care so much that we even shown our logo!

IND.I.A. È CONVENIENTE !!

IND.I.A. MEANS CONVENIENCE

- ✓ perchè siamo in grado di produrre esattamente su misura ciò di cui hai "veramente" bisogno.
- ✓ perchè abbiamo uno stock impressionante di articoli standard pronti da spedire anche senza obbligo di acquistare containers.
- ✓ perchè le grosse quantità che abbiamo ci consentono economie di scala sulla materia prima

- ✓ Il prezzo applicato è quello del produttore, non soggetto a ricariche dovute alla presenza di intermediari distributivi. Un prezzo di Fabbrica!!
- ✓ Le vostre scorte di magazzino le facciamo noi. Il nostro deposito diventa il "vostro" deposito.

- ✓ we can realize custom-made products upon the real needs of the customers
- ✓ we have a huge stock of standard items ready to be dispatched also in smaller quantities
- ✓ we can mantein good prices in purchasing on the raw material thanks to our big volumes
- ✓ we apply the producer cost, without any price rise due to the presence of other intermediaries in the distribution. Our price is a cost price!
- ✓ thanks to our stock, we can act as your stock too. Our inventory can become "your inventory"

CARATTERISTICHE PRINCIPALI:
MAIN FEATURES:

- Temperatura massima 1300 °C
- Maximum Temperature 1300°C
- Accensione facilitata
- Easy ignition
- Dispositivo di sicurezza in caso di spegnimento accidentale
- Safety device, in case of any sudden or accidental malfunction
- Forno a passaggio totale (avanti / dietro) per l'inserimento anche di verghe lunghe
- Opening on two sides (front / back) to insert long bars
- La camera di combustione è isolata con pannelli in fibrocera e base in refrattario
- The combustion chamber is isolated with ceramic fiber panels made of refractory material
- Lo schermo a chiusura regolabile permette un risparmio di energia e garantisce la massima sicurezza
- The front screen with its adjustable opening, allow for energy saving and guarantees the maximum security)

REIMESSKO

Sistema brevettato
DIMA e MISURATORE
 per ringhiera di Scale

STAIRCASE
TEMPLATE and MEASURING
Patented System

Art. 882/4

kit di due casse inclusi gli utensili
 per il montaggio

Set of two cases including tools for fastening

Il sistema REIMESSKO permette di:

- costruire, dall'inizio alla fine, la ringhiera di una scala, anche a sviluppo irregolare, completamente nella propria officina
- montare velocemente la ringhiera in cantiere;
- risparmiare, per ogni ringhiera, anche 8 - 10 ore di manodopera

The patented REIMESSKO system it is possible to:

- completely build the staircase in the workshop
- easily install the staircase in site with a small amount of handling
- for every staircase you build you can save 8 - 10 hours

PICCOLA "FORGIA"
SMALL "FORGE"

TRASPORTABILE a MANO
TRANSPORTABLE by HAND

CARATTERISTICHE PRINCIPALI:
MAIN FEATURES:

- Temperatura massima 1300 °C
- Maximum Temperature 1300°C
- Accensione facilitata
- Easy ignition
- Dispositivo di sicurezza in caso di spegnimento accidentale
- Safety device, in case of any sudden or accidental malfunction
- Forno a passaggio totale (avanti / dietro) per l'inserimento anche di verghe lunghe
- Opening on two sides (front / back) to insert long bars
- La camera di combustione è isolata con pannelli in fibrocera e base in refrattario
- The combustion chamber is isolated with ceramic fiber panels made of refractory material
- Lo schermo a chiusura regolabile permette un risparmio di energia e garantisce la massima sicurezza
- The front screen with its adjustable opening, allow for energy saving and guarantees the maximum security)

I FORNI RISPONDONO ALLE VIGENTI
NORMATIVE INTERNAZIONALI DI SICUREZZA
THE OVENS CORRESPOND TO THE
INTERNATIONAL SECURITY SAFETY LAW (EC)

REIMESSKO

Sistema brevettato
DIMA e MISURATORE
per ringhiera di Scale

STAIRCASE
TEMPLATE and MEASURING
Patented System

Art. 882/4

kit di due casse inclusi gli utensili
per il montaggio

Set of two cases including tools for fastening

Il sistema REIMESSKO permette di:

- costruire, dall'inizio alla fine, la ringhiera di una scala, anche a sviluppo irregolare, completamente nella propria officina
- montare velocemente la ringhiera in cantiere;
- risparmiare, per ogni ringhiera, anche 8 - 10 ore di manodopera

The patented REIMESSKO system it is possible to:

- completely build the staircase in the workshop
- easily install the staircase in site with a small amount of handling
- for every staircase you build you can save 8 - 10 hours

ARTEFERRO INOX

THE STAINLESS STEEL RAILING SYSTEM

Un appropriato utilizzo degli elementi modulari che compongono la vasta gamma del "SYSTEMA INOX", (prodotta interamente e direttamente da IND.I.A. S.P.A.) permettono di creare con estrema semplicità e senza perdite di tempo, qualsiasi tipo di ringhiera di scale con risultati di estrema eleganza, offrendo nel contempo una notevole varietà di soluzioni realizzabili.

Il "SYSTEMA INOX" permette di lavorare con una velocità oggi ancora ineguagliata. Non è più necessario saldare, molare, decapare, lucidare e passivare; i singoli pezzi vengono assemblati gli uni agli altri grazie ad un sistema di inserimento ad incastro simile a quello usato nell'industria aeronautica e utilizzando le speciali colle high-tech che completano la gamma della linea "SYSTEMA INOX", si possono bloccare permanentemente. Ind.i.a. spa ha creato con questo sistema per ringhiere un punto focale nell'architettura. Si tratta di un elemento di composizione irrinunciabile per l'architettura moderna poiché si ambienta molto bene negli edifici di nuova concezione; è un prodotto altamente tecnologico, facile da gestire inserendosi in un modello estetico che si sta espandendo molto velocemente in tutto il mondo.

A proper use of the modular elements that make up the wide range of the "SYSTEMA INOX" (entirely and directly produced by IND.I.A. S.P.A.) allows to create very easily and with no waste of time any type of banister. The result would be extremely elegant and will offer at the same time the chance to realize many solutions. The "SYSTEMA INOX" allows to work at a speed unmatched so far. There is no more need to weld, grind, pickle, mirror polish nor passivate the pieces. They are assembled thanks to a joint insertion system similar to the one used in the aviation industry and to special high-tech glues that complete the range of the "SYSTEMA INOX" line. Therefore, such pieces can be fixed permanently.

With such system for banisters, Ind.i.a. spa created a focal point in the architecture. As a matter of fact, the modern architecture cannot do without such composition element since it perfectly suits the new generation buildings. Furthermore, it is an extremely high-tech product easy to handle as it fits in an aesthetic model that is quickly spreading all over the world.

AISI 316	Descrizione Description	Rubber	Per Vetro For Glass
E00840/C	Chiusura in acciaio inox satinato per creare un supporto circolare con un vetro Stainless steel closure satin finished, fundamental to obtain a glass holder for just one glass	E00840/R1	8,76 mm
		E00840/R2	10 mm
		E00840/R3	10,76 mm
X00840/C lucido mirror polished		E00840/R4	12 mm
		E00840/R5	12,76 mm

L'ANCORAGGIO INTERCAMBIABILE PERMETTE DI ADATTARLO A QUALSIASI TUBO!
THE INTERCHANGEABLE CLAMP CAN BE USED WITH ALMOST ANY TUBE!

LA CHIUSURA LATERALE TI PERMETTE DI TRASFORMARLO IN UN SUPPORTO DA VETRO SINGOLO
LATERAL LOCKING PERMITS TRANSFORM TO A SINGLE GLASS SUPPORT

L'ANCORAGGIO MOBILE TI PERMETTE DI RUOTARE I VETRI RISPETTO AL MONTANTE
THE MOVABLE CLAMP PERMITS ROTATION OF THE GLASS A ROUND MOUNTED POST

- FACILE DA INSTALLARE • ECONOMICO • SICURO
- EASY TO INSTALL • ECONOMICAL • SAFE

CERTIFIED AND TESTED
GLASS CLAMPS

BREVETTATA - PATENTED

AISI 304	AISI 316	Spessore vetro Glass thickness
E0099100	E0099	variabile adjustable
2 piastre laterali di fissaggio 1 set gommini vetro monostrato 1 set gommini vetro bi-strato 4 viti M 6		2 side fixing plates 1 set of one-layer rubbers for glass 1 set of two-layer rubbers for glass 4 M6 screws

Adattatori da combinare con le piastre laterali compresa spina di sicurezza in acciaio

Adapters to combine with side plates
Stainless steel safety pin included

MONTANTI EXTRA STRONG 3kN EXTRA STRONG NEWEL POSTS 3kN

Nasce la linea di montanti extra strong !!

4 nuovi modelli testati e certificati secondo le più severe norme di sicurezza. Ogni piantone resiste ad una trazione orizzontale di 1.5 Kn. Montandone 2 ad una distanza di 1 mt otterremo un parapetto capace di resistere a 3 Kn di trazione. Testato dall'ente internazionale TÜV SÜD. Test report numero MEC 10117.00

A new line of extra strong newel posts is now available !!

4 new tested models, certified according to the most severe security laws. Each post resists to an horizontal traction force of 1.5 kN. With 2 of them placed 1m away one another we would get a railing (baluster) resisting to a 3kN traction force Tested by the international company TÜV SÜD. Test report number MEC 10117.00

IL GRANDE FABBRO® è la divisione di Ind.i.a. SPA che si occupa di lavori finiti.

In gran parte dei casi questo accade collaborando con i fabbri che tramite Ind.i.a. ci contattano (un esempio è stato il restauro di Piazza Vittorio a Roma). Qualche volta direttamente (creazione ex novo del ferro battuto ad Euro Disney, Parigi) causa enormità dell'opera che ci obbliga ad affrontare il lavoro in prima persona.

IL GRANDE FABBRO® è infatti sempre a disposizione del progettista laddove i lavori di recinzione, protezione o puramente estetici in ferro, inox e altri metalli siano parte importante di un progetto. Uno studio tecnico in grado di progettare con esperienza e creatività qualsiasi elemento il committente richieda ed una squadra di dipendenti altamente qualificati con capacità tali da permetterci di sviluppare opere di qualunque dimensione e complessità sono gli elementi chiave che ci contraddistinguono. La presenza capillare nei mercati principali della casa madre Ind.i.a. SPA (20 filiali ed oltre 2500 distributori), leader mondiale nella produzione e distribuzione di semi lavorati in ferro ed acciaio inox, facilita ad IL GRANDE FABBRO® l'esecuzione di opere praticamente in ogni parte del mondo. In conclusione; capacità tecniche, conoscenze artistiche e la flessibilità offerte da IL GRANDE FABBRO® lo rendono il partner ideale per chiunque abbia necessità di compiere opere di medie e grandi dimensioni in ferro battuto, acciaio inox e altri metalli.

IL GRANDE FABBRO® is the division of Ind.i.a. S.P.A. that deals with finished works.

This division functions through two channels: the first channel begins with blacksmiths and their cooperation with our head office, as was the case for the restoration of Piazza Vittorio in Rome. The second channel is the direct one: it deals with projects of such mass proportions that entire plans must be finalized face-to-face, as it occurred during the initial and subsequent design phases of wrought iron fencing at Euro Disney in Paris.

One of the reasons IL GRANDE FABBRO® is so exceptional is because the service is always at the disposal of the designer. Whether your project includes: security gating, fencing, purely aesthetic wrought iron works, stainless steel, or other metals, we will be there to help you create exactly what you are looking for. Our skilled technical department, as well as our expert blacksmiths, have worked with each component we produce, and they are able to develop works of any size and complexity. The widespread presence of Ind.i.a. S.P.A., as well as that of its affiliates and distributors in the metal industry, allows the IL GRANDE FABBRO® service to reach fabricators, architects, and designers all over the world. As a matter of fact, Ind.i.a. SPA is a world leader company in the production and distribution of wrought iron and stainless steel components. Therefore, the technical skills, the artistic knowledge, and the flexibility offered by IL GRANDE FABBRO®, make it the ideal service and partner for anyone wishing to establish plans of moderate to large dimensions in wrought iron, stainless steel and other metals.

Bruno Scato

ArteferroCAD

WEB CONFIGURATOR 4.0

Realizzare un cancello, una recinzione, una scala o, in generale, una composizione in Acciaio Inox o ancor più in Ferro Battuto mette l'artigiano nella condizione di dover scegliere tra migliaia di possibilità realizzative a livello estetico. Tale ricchezza è, naturalmente, resa possibile dalla grande varietà di articoli disponibili e dalla possibilità di ottenere da loro molteplici composizioni.

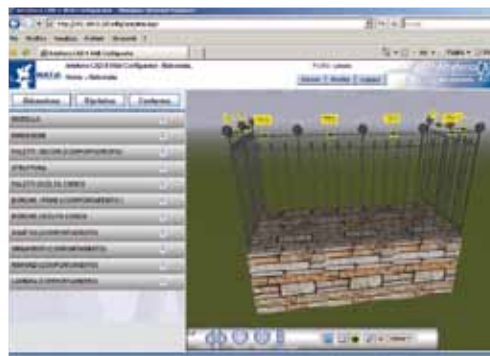

Tale gamma di prodotti, di linee e di motivi che possono essere assemblati, creando ad ogni passaggio differenti effetti, porta l'artigiano in un terreno che molto si avvicina all'arte in quanto la progettazione comporta precise scelte estetiche che ben si adattino all'ambiente dove verranno collocate.

Una delle necessità più frequentemente avvertite dai Fabbri e dai loro clienti è quella di visualizzare la composizione preventivamente al contempo i materiali e stimandone quindi agevolmente i costi, e potendone modificare l'aspetto "con un click". Per venire incontro a tale necessità Ind.i.a. spa da anni abbina ai suoi già riccamente illustrati cataloghi (oltre 2000 foto ambientate) un software di progettazione 3D chiamato Arteferro CAD.

Tale strumento è quindi un aiuto per i fabbri ed architetti nel visualizzare l'effetto di insieme ed inoltre è un efficace strumento di vendita nei confronti del cliente che riesce a visualizzare con immediatezza e efficacia la composizione che desidera, sia essa una scala, un cancello, una recinzione o altro. Per restare al passo con i tempi il software è stato strutturato per essere un prodotto esclusivamente web e verrà reso disponibile nel corso dei primi mesi del 2010.

La principale novità introdotta con la nuova versione del Software, chiamato Arteferro CAD 4 - Web configurator, è la sua fruibilità esclusivamente on-line. Tale scelta è motivata dalla volontà di proporre ai professionisti e agli "Innamorati del Ferro Battuto e dell' Acciaio Inox" un programma che sia costantemente aggiornato tramite l'inserimento di sempre nuovi articoli e composizioni pre-costruite senza il peso di continui aggiornamenti del programma. La libreria di articoli disponibile arriverà a contare oltre 10.000 pezzi selezionati da Ind.i.a. spa e conterrà anche la linea di prestigio "Gonzato Design".

La prima release del programma permette di realizzare composizioni in Ferro Battuto e verrà seguita anche dalla funzione per progettare con l'acciaio Inox.

Requisiti per un corretto funzionamento:

Microsoft Internet Explorer 7 - Linea internet - Consigliata scheda grafica 3D con risoluzione video di 1280 x 1024 pixel o superiore

There is true artistic expression in the design of stainless steel and wrought iron products. Craftsmen have thousands of options for gates, fences, staircases, or any other product made from the materials. The vast array of options is made possible by the wide range of items available and by the various methods of combining them. The broad range of product lines and to-be-assembled patterns also inspire the creation of diverse aesthetic effects. Creative uses of wrought iron and stainless steel allow any craftsman the freedom of artistic style, since the creation or design process entails precise aesthetic choices which have to perfectly suit the environment in which they will be placed.

One of the needs most frequently felt by blacksmiths (fabricators) and their customers is the need to visualize designs and evaluate the materials used in those designs at the same time. This allows for easy estimation of costs and the chance to make changes with just a click of the mouse.

Ind.I.A. S.p.A. has strived for years to meet these needs by offering in its catalogues, which are already rich in illustrations with more than 2000 set pictures, a 3D design software program called Arteferro CAD. The software has proven itself a valuable tool in helping blacksmiths, architects and designers visualize and complete entire projects. Furthermore, it is an effective sales tool for attracting customers because; it enables users to play around with model designs, it is fast and easy to use, and it allows users to thoroughly view created designs, whether they are of staircases, gates, fences or something else.

The main change in the new version of the software, called Arteferro CAD 4 Web Configurator, is the fact that it will be offered exclusively online. This choice stems from the wish to offer the product to wrought iron "pros" and to others that have fallen in love with wrought iron and stainless steel. The software program is constantly updated as well, with the addition of new items and pre-built compositions free of charge.

The library of available products included in the software has more than 10,000 pieces, selected by India spa. It also includes the prestigious "Gonzato Design" line. The first release of the software program allows construction of wrought iron designs and will soon be followed by the library application concerning stainless steel.

Requirements for a correct working:

- Microsoft Internet Explorer 7
- Internet line
- A 3D graphic card with video resolution of 1280x1024 or more pixel is recommended

Art. 3005/70

Un migliaio di foto raccontano un lavoro nato trent'anni fa, e cresciuto sino ad affacciarsi prepotentemente al nuovo millennio, sempre con idee innovative e competitive, in grado di soddisfare le nuove realtà economiche mondiali.

A thousand photos tells of a job started thirty years ago and grown overwhelmingly into the new millennium, always with innovative and competitive ideas to satisfy all new economic realities.

Siamo presenti nelle
maggiori fiere del mondo

We attend the most import
exhibitions in the world

Ordini

1. Gli ordini dovranno pervenire con gli esatti riferimenti del codice articolo IND.I.A., in caso contrario l'azienda non si assume nessuna responsabilità per eventuali errori derivanti dall'errata indicazione.
2. Gli ordini trasmessi agli agenti e/o agli area managers di IND.I.A. SPA si intendono sempre condizionati all'accettazione della azienda tramite conferma d'ordine.
3. Per gli ordini inferiori alla quantità prevista nella confezione di imballo standard, è necessario chiederne preventivamente all'azienda la disponibilità e la fattibilità.
4. Ci riserviamo la facoltà di evadere gli ordini frazionati.
5. Il cliente è tenuto allo scrupoloso controllo della conferma d'ordine.

Resa

1. Non verrà accettata merce resa se non in porto franco e sempre su espressa autorizzazione scritta di IND.I.A. SPA.
2. In ogni caso, non si accetteranno restituzioni di materiale manomesso: arrugginito, accorciato, forato, piegato, storto, verniciato o zincato.
3. IND.I.A. SPA si riserva, inoltre, la facoltà di addebitare al cliente un importo forfettario del 15% sull'equivalente valore della merce resa quale partecipazione alla spesa di controllo, immagazzinaggio e ripristino del materiale.

Consegna e spedizione

1. Quale data di consegna si intende quella della partenza della merce dal nostro stabilimento di Malo (VI) e la consegna si intende fatta al cliente all'atto di uscita dallo stabilimento, anche nel caso in cui la resa sia franco destino.
2. I tempi di consegna espressi nella conferma d'ordine sono indicativi e quindi non impegnativi.
3. La merce viaggia a rischio e pericolo del committente anche se venduta franco destino e non ci assumiamo nessuna responsabilità per ritardi, disguidi, perdite o avarie causate da qualsiasi mezzo di trasporto; i reclami contro il vettore spettano al destinatario.

Reclami

1. I reclami per merce mancante o danneggiata devono essere fatti immediatamente per iscritto sul documento di trasporto che accompagna la merce e controfirmati dal trasportatore.
2. Comunque nessun reclamo, anche inerente la qualità della merce, potrà essere sollevato, sotto pena di decadenza, decorsi 8 giorni dall'arrivo della merce.

Varie

1. I dati tecnici espressi nel catalogo sono indicativi e pertanto i prodotti originali possono differire leggermente dalle misure e dalle fotografie riportate in catalogo. L'azienda, in ogni caso, si riserva il diritto in qualunque momento di apportare modifiche e migliorie ritenute necessarie a suo insindacabile giudizio.
2. Non si risponde per errori di stampa riguardanti le informazioni e le misure indicate a catalogo.
3. IND.I.A. SPA non accetterà la richiesta di rimborso danni senza prima aver avuto la possibilità di verificare il danno stesso ed accertarne una propria colpa. In ogni caso, qualsiasi richiesta di rimborso danni sarà da ritenersi nulla, se il presunto danno verrà comunicato all'azienda dopo la messa in opera del lavoro finito nel quale sono stati utilizzati articoli di IND.I.A. SPA, vista l'impossibilità dell'azienda di verificare una propria colpa a seguito di trattamenti e lavorazioni effettuati dal cliente o da terzi.
4. L'azienda può eseguire articoli su misura, per determinate quantità. Nel caso, su richiesta del cliente, vengano prima prodotti dei campioni ai quali non segue poi una richiesta di produzione dell'articolo su misura, IND.I.A. SPA si riserva il diritto di addebitare al cliente il costo di progettazione e realizzazione dei campioni richiesti. Per eventuali ordini di articoli su disegno oppure di articoli non standard viene richiesto un anticipo pari ad un terzo del valore dell'ordine.

Copyright

1. E' assolutamente vietata la riproduzione anche parziale del presente catalogo, di cui IND.I.A. SPA possiede i diritti di Copy Right.

Foro Competente

1. Eventuali controversie saranno di esclusiva competenza del Foro di Vicenza.

Orders

1. Orders must be placed with the exact reference to IND.I.A.'s item codes, otherwise the company will not bear any responsibility for any possible mistake due to the wrong reference.
2. Orders conveyed by IND.I.A. SPA's agents and/or area managers are always submitted to the company's acceptance through the order confirmation.
3. Orders for quantities lower than the standard pack must be agreed with the company after having checked their availability and possibility of realization.
4. We reserve the right to dispatch the orders partially.
5. The customer must carefully check the order confirmation.

Return of goods

1. The company will grant the return of free delivered goods always after its explicit written authorization.
2. In any case, the company will not accept any return of rusty, cut, pierced, bent, twisted, painted nor galvanized goods.
3. Furthermore, IND.I.A. SPA reserves the right to charge the customer a 15% lump sum on the value of the returned goods as a participation to the charges of checking, stocking and restoring such material.

Delivery and dispatch

1. The dispatch date must be considered as the departure date of the goods from the head office of the company in Malo (VI). The delivery to the customer is carried out at the exit of the goods from the head office, even when the material is free delivered.
2. The delivery terms in the order confirmation are indicative and therefore not binding.
3. The goods are carried at the customer's own risk even if free delivered. The company does not bear any responsibility for delays, losses nor damages due to any mean of transport. The claims to the carriers are up to the customer.

Claims

1. Claims for missing or damaged goods must be immediately written on the delivery note and countersigned by the carrier.
2. Anyway, any claim even concerning the quality of the goods, can not be laid after 8 days from the arrival of the goods.

Any other business

1. Technical data shown in the catalogue are indicative. Therefore, the original products can be slightly different from the sizes and the pictures in the catalogue. In any case, the company reserves the right to make at any time changes and improvements that it considers as necessary.
2. The company does not bear any responsibility for any printing mistake concerning the pieces of information and the sizes indicated in the catalogue.
3. IND.I.A. SPA will not pay any damage request before having checked the damage and having established its own responsibility. In any case, every request of refund will be considered as void after the installation of the finished work realized using IND.I.A. SPA's products. As a matter of fact, the company will not have the chance to establish its own responsibility due to treatments carried out by the customer or third parties.
4. The company can produce custom-made products in different quantities. Should the customer request some samples before the mass production without a further confirmation of the order, the company reserves the right to charge to the customer the planning and realization cost of the requested samples. In case of possible orders of custom-made or non standard items, the company requires a down payment of one third of the order value.

Copyright

1. The reproduction, even partial, of the present catalogue is strictly forbidden, as IND.I.A. SPA owns the copyright of such catalogue.

Place of Jurisdiction

1. Any possible controversy will exclusively fall within the competence of the Jurisdiction of Vicenza.
